## CORPORATE PROFILE

I-ENG-A® of Central Alabama is the forensic division of TP Engineering, Inc. The firm is a member of the Investigative Engineers Association (I-ENG-A®). I-ENG-A® was founded in 1991 as the first association of forensic and investigative engineers doing business with the property and casualty insurance industries. Being a member of I-ENG-A allows the member firm to tap into forensic engineering resources regarding claims investigation. No single firm, no matter its size or how broad based its coverage, can possibly provide the level of service and combined resources that the national network of I-ENG-A can offer.

TP Engineering, Inc. (TPE) has been providing Professional Engineering Services since 2005, primarily in the structural design and investigation fields. TPE joined the I-ENG-A network in an effort to afford their clients with additional services.

TP ENGINEERING (TPE) HOLDS PARAMOUNT THE SAFETY, HEALTH AND WELFARE OF THE PUBLIC. WHETHER IT IS DESIGN OR INVESTIGATIVE SERVICES, OUR TEAM BELIEVES IN TEAM-WORK WITH A CUSTOMER-ORIENTED APPROACH.

Our professional staff combined with the I-ENG-A network possesses the necessary knowledge to assist your efforts. We provide you with professional engineering services to better serve your clients and help your projects run smoothly. With over 50 years of experience, TPE's licensed professional engineers have designed and/or managed projects ranging from complex multi-story high rise buildings to simple equipment support frames. Our engineers have been mobilized for field investigations after catastrophic events, investigated failures and routinely investigates field issues to assist clients.

### A SERVICE TO MEET YOUR NEEDS

TP Engineering offers a variety of services to fit your needs. Our staff routinely serves as problem solvers within the industry by:

- Performing existing structure evaluations for insurance companies, owners, as well as other engineers.
- Performing special inspections of projects under construction.
- Assisting manufacturers in the design and quality control processes associated with their product.
- Performing plan or peer reviews to ensure safety and value in a project.

In addition, we commonly assist contractors, architects and owners among others. Typical services include:

- Structural design and detailing for commercial, residential and industrial projects.
- Foundation design and detailing for pre-engineered building manufacturers and suppliers.
- Connection design for fabricators.

### THE DIFFERENCE IS OUR CUSTOMER-ORIENTED APPROACH

At TP Engineering, we pride ourselves in building strong relationships to better serve you and your clients. We will work with your team to provide the engineering services necessary to fit your needs. Our engineers believe in strong communication while providing a valuable service in accordance with fundamental canons of the engineering profession.

## APPROACH & PROCESS

Our investigative services extend to clients in all areas of insurance, loss, and loss mitigation. Typically, an assignment begins with a phone call, letter, fax or email from a potential client. During the initial client interview process, we request certain specific information relating to the case. Items such as the following may be discussed:

- Type of loss
- Date of loss
- Name and address of Insured
- Name and address of Claimant, if different
- Policy number
- Claim Number
- Name and telephone number of contact person at Adjuster's Office
- Estimated value of claim
- General outline of policy coverage

**TP Engineering, Inc.**  
has established an exceptional  
reputation for outstanding service  
by providing its clients with  
dedicated and skilled personnel  
committed to their work.

Additionally, we solicit other general information that may be available:

- Any records and documents already obtained or available
- Any pertinent information in Adjuster's file
- Circumstances of this loss

If no records or documentation are available from a client or adjuster, we may choose to prepare additional requests for data, directly to the parties involved, their representatives, or any associated insurance providers always copying our client on the communications. Depending on the circumstances, we may also contact the parties involved to arrange an appointment and begin the forensic investigation at the location of damage, loss, or accident.

If the client has obtained records and documents, we will request that they be forwarded to us. After examination, we will consult with the client to agree on the plan for the investigation.

## OUR POLICY IN CASE HANDLING

1. **I-ENG-A® of Central Alabama, A Division of TP Engineering, Inc.** will hold an initial discussion with you (the client) at no charge to validate the need for a case assignment.
2. When you offer the assignment, and we accept the assignment, we mutually agree on the initial phase(s) of the investigation, acceptable hours/charges (or not to exceed).
3. As we complete each phase of the assignment, we will provide you an oral report. You provide us with one of the following directions:
  - a. You decide no further analysis is required, and authorize our final billing.
  - b. You decide the analysis is complete, direct us to submit a written report, and authorize our final billing with submission of the report.
  - c. You decide to continue with the next phase of the assignment.
4. If you decide to continue the assignment, you may expect the following:
  - a. You have authorized us to proceed; we will formally acknowledge the assignment, and submit a final bill for the analysis.
  - b. With the bill, we will submit additional time/charge estimate for completing the next phase of the assignment and an amount of the deposit required to begin the phase.
  - c. During the assignment, we will provide you verbal progress reports at least every two weeks, and submit monthly progress billing.
  - d. When we complete the assignment, we will provide a complete verbal report, which we will formalize in writing only upon your authorization to do so.
  - e. We will submit a written report (if you have authorized one) and a final billing.
5. We will provide you with timeliness and the services of qualified experts through our direct staff, our substantial resources and those of the Investigative Engineer's Association. We will handle our assignments in a cost effective manner leaving you in control at all times.

### Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

**Certification instructions.** You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

## General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to [www.irs.gov/FormW9](http://www.irs.gov/FormW9).

### Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

*If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.*
